Anets

BAKERY FRYER

SPECIAL FEATURES AND OPTIONS

KETTLE. 12 gauge cold rolled steel or optional 14 gauge stainless steel. Exclusive radiants welded to V bottom of kettle to control and intensify heat. Inside dimensions 18½ x 26½".

DRAINBOARD. Foldover type. 14 gauge metal. Two streamlined nickel plated hinges provide positive support in open position. Available for left or right mounting.

FRONT DRAIN. Heavy-duty 1" gate-type valve—more effective draining to front . . . easier cleaning.

THERMOSTAT. Snap action type with automatic safety pilot.

All Anets Fryers include 3 screens (2 with handles), crumb tray, liftout cradle and drainboard as standard equipment.

SUBMERGERS. Submerger screen, locking frame, wood handle, and lower screen.

SCREENS & MEGSON TRAYS. Superior quality wire screens, welded and machine-crimped. Double hot tin dipped.

UTILITY CRANE. 2 arms, 2 brackets, 1 post and adjustable collar. Specify model of Gem or Sanitary dropper when ordering.

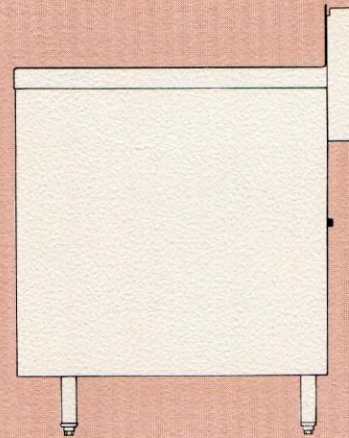

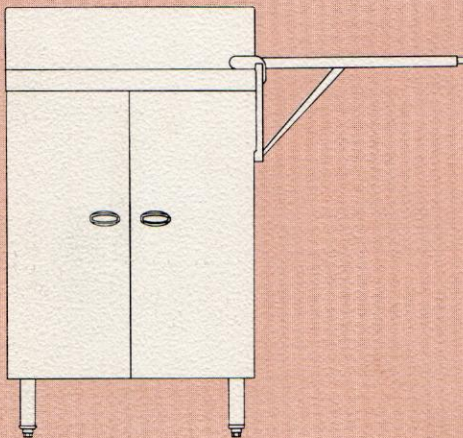

AVAILABILITIES. You may order Anets Bakery Fryers as follows: (A) chrome front, grey sides, plain steel pot and drainboard; (B) chrome front, grey sides, stainless steel pot and drainboard; (C) stainless steel front, sides, pot and drainboard. Specify availability desired by letter designation (above) when ordering.

WHEN ORDERING, PLEASE SPECIFY:

Model No.	BTU and Type of Gas
Type of Pot	Right or Left Drainboard

Owing to our policy of continuous product improvement, specifications are subject to change without notice.
