# DOUGH SHEETER

*for pie, pizza, sweet goods*

This versatile, portable Anets Dough Sheeter provides fast, uniform production of doughs for pies, pizza, and sweet goods. Two passes can be made with a single adjustment. Unit is adjustable for various thicknesses . . . metered for repeat settings. Dough Sheeter can be used as cross-grainer without distortion of the dough. The smooth, sure operation of this unit eliminates excessive flour dusting. Dough Sheeter has three large, precision-ground rollers that actually do the work of four. Unit may be moved easily to any section or area to match production needs, step-up volume.

Available as independent Dough-Sheeter . . . MDR-6C. Available with welded 14-gauge steel cabinet, with four casters . . . MDR-6S.
