A PRODUCT OF AUTOMATED PACKAGING SYSTEMS

## System-Matched Bags-On-A-Roll For Trouble-Free Continuous Packaging Performance

Over 100 sizes of specially formulated Autobag polyethylene pre-opened bags are immediately available for just-in-time delivery. Designed to optimize the performance of Autobag packaging systems, Autobag bags-on-a-roll can be changed in less than a minute and include superior performance features such as the GoBag™ "guaranteed opening" design, which is standard for bags up to four-inches wide.

*Automated can also provide fast turn-around on customized bags designed to meet specific application requirements. Custom features include built-in headers, E-Z open perforations, and hanger holes made to order. Automated design engineers will help you develop a customized bagging solution to meet your packaging needs.*

Automated Packaging Systems, Inc. combines innovative, modular equipment designs, system-matched materials, and the industry's most comprehensive technical support services for long-term packaging solutions that improve productivity and profitability. For more information on APS packaging solutions, call Automated Packaging Systems at **1-800-331-4414**.
