HAND GLAZERS

HG18C • HG24C • HG34C (Standard glazers)
HG18EZ • HG24EZ (Easy Lift glazers)

Belshaw's hand glazers allow fast, uniform glazing of donuts, cinnamon rolls, cakes and other baked goods. These glazers conveniently glaze one full screen at a time, allowing a single operator to fry and glaze - with little or no wasted glaze.

Belshaw's Easylift hand glazers (**HGEZ models**) eliminate the heavy-lifting associated with standard hand glazers. Rather than being carried by the operator, the glaze applicator slides along rails as it glazes. This design provides even glaze coverage and more attractive looking donuts - all with less physical requirements from the operator.

All hand glazer models are on moveable casters, include covers, and require little space. Stainless steel construction and sound design facilitate cleaning and provide a durable product that will stand up to years of everyday use.

All glazers are certified NSF-2.

Glazers are available in sizes to accommodate standard screens (available separately):

MODEL	SCREEN SIZE	BELSHAW PART #
HG18	17" x 25"	SL200-0004
HG24	23" x 23"	HG24-0001
HG34	23" x 33"	HG34-0008

17" X 25" screen

NSF-2
