

Conveyors

Motorized belts which move empty or full containers. Units have variable speed drive of delrin or acid resistant poly belt. Fits any existing conveyor or machine with .3M (12 inch) height adjustment. Standard belt width 11 cm (4.5 inch). Conveyors come in fully modular 1.5M (5 foot) length to create

standard conveyor lengths of 1.5M (5 feet), 3M (10 feet), 4.5M (15 feet), 6M (20 feet), 7.5M (25 feet) etc. Also available in non-standard lengths. Rails will handle 10 ml to 25 liter. Standard rails are aluminum with polyethylene guide surface contacting containers.

**Tri-Filler with Conveyor
And Turntables**

Turntables

Revolving table feeds or removes bottles from moving conveyor. Units have variable speed drive with reversible rotation. Can be mounted on either side of conveyor. Tops are stainless or polyethylene and comes in 3 standard sizes: .45M (18 inch), 1M (42 inch), and 1.5M (60 inch) with .3M (12 inch) rack and pinion height adjustment. Handles all container sizes. Rapid changeover.

CONVEYOR SPECIFICATIONS

- **Body Frame:** .304 stainless steel modular construction
- **Bases:** .304 stainless steel, adjustable height, adjustable feet
- **Chain:** 4 $\frac{1}{2}$ ", 7 $\frac{1}{2}$ ", or 10" wide (115mm, 190mm, or 254mm) Delrin thermoplastic material.
- **Drive:** $\frac{1}{3}$ hp A.C. motor with differential type mechanical variable speed control & chain drive.
- **Rails:** Aluminum or stainless steel with polypropylene contact to containers
- **Lengths:** 5', 10', 15', 20', & 30' (1.5M, 3M, 4.6M, 6.1M, & 9.1M)
- **Electrical:** 110v, Single phase, 60 hz or as required!

TURNTABLE SPECIFICATIONS

- **Body Frame:** .304 stainless steel
- **Adjustment:** rack & pinion manual height adjustment
- **Top:** .304 stainless steel; 18", 42", & 60" (.5M, 1.1M, & 1.5M) in diameter
- **Drive:** $\frac{1}{3}$ hp AC motor with reversible differential type mechanical variable speed control & direct gear drive
- **Rails:** Aluminum or stainless steel with polypropylene contact to containers
- **Electrical:** 110v, single phase, 60 hz (or as required)
