## **Texturing Solutions. Expert Results.**

In 1992, Graco introduced its first contractor-grade, portable texture sprayer and revolutionized the texture application industry. Graco's family of interior texture sprayers has been expanded and improved to meet the ever-changing needs of the texturing industry.

The Magnum TexFinish line of interior texture sprayers is the top choice of serious do-it-yourself homeowners, remodeling contractors, handymen and other tradesmen who want to finish the job fast with top-quality results. Graco now offers three new Magnum TexFinish sprayers, each with plenty of user-friendly features and broad performance capabilities. Graco has a TexFinish model for nearly every application.

## Texture Spraying Has Never Been So Easy!

Magnum TexFinish sprayers are ideal for residential interior refinishing and repairs, new-construction finishing projects and light commercial jobs. They make texture applications simpler than ever before.

### Fast!

- Projecting texture up to 4 ft (1.2 m) for increased productivity with less time on prep, spraying and cleanup
- Holds enough material to complete an entire room without refilling the hopper
- Lightweight gun keeps you productive throughout the job

### Convenient!

- The TexFinish TX 65 is ready to go to work! Simply connect a user-supplied air compressor and start completing texture projects faster than ever
- TX 90 and TX 125 model sprayers come complete with everything you need to spray, all on a convenient, lightweight cart. They include a touch-up hopper attachment, air compressor and pump system

### High-Quality Finish!

- Controlled spray pattern produces uniform coverage, consistent droplets and less overspray
- Reliable, high-performance pump delivers a smooth, consistent material flow for professional results everytime

### TexFinish Sprayers Produce These Common Finishes:

- Orange Peel, Fine Splatter
- Splatter
- Knockdown
- Popcorn (simulated acoustic)

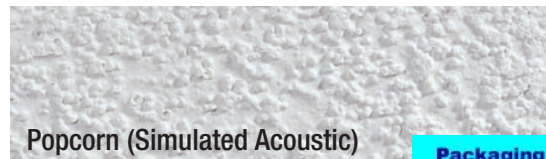

Orange Peel/Fine Splatter

Splatter

Knockdown

Popcorn (Simulated Acoustic)

## Only on a Graco

Graco is constantly working to develop innovative texture application tools, with unique performance points and features, that enable customers to complete their projects faster and more efficiently, while producing professional results.

## Graco Innovation

- A. RotoFlex™ II Pump.** (*Patent Pending*) Our second-generation RotoFlex II pump adds an exclusive braided sling to the pump tube delivering superior performance and the most consistent material flow possible
- B. Single Motor Design** (*Patent Pending*) of the TX 90 and TX 125 powers both the pumping system and the air compressor, creating a self-contained sprayer that is both compact and lightweight and operates on a single 110 volt outlet
- C. Dual-Use Gun** (*Patent Pending*) found on the TX 90 and TX 125 sprayers offers all of the advantages of a lightweight and less fatiguing power-fed spray gun, with the added ability to be quickly converted to a hopper gun for touch-up jobs
- D. Bonded Material and Air Hose** are permanently welded together, there are no fasteners or ties to get caught as you move about the job
- E. High-Output Air Compressor** (*Patent Pending*) on the TX 90 and TX 125 sprayers is uniquely designed to deliver high air output for faster orange peel and small splatter applications, and to project your texture material farther on ceiling applications

## TexFinish Does the Heavy Work for You

With the TX 90 and TX 125, you no longer have to carry the compressor, hopper gun, and hose separately. These TexFinish sprayers are self-contained units, so you can easily move all of your texture equipment at one time! Each unit is simple to setup, sprays at a high production rate, and reduces overspray for a cleaner job site.

1. Mix and pour the texture into the material hopper.
2. Prime to a steady stream of material.
3. You're ready to spray.

## TexFinish TX 65™

### Texture Application Made Simple!

The TX 65 is the perfect pumping system for handymen, tradesmen and contractors who have their own air compressor and are ready to graduate from a hopper gun to a faster, more productive, less-fatiguing spray rig.

**Just Add  
Air!**

Model #254970

**LIGHT DUTY - For Handymen, Tradesmen and Contractors**

**0.65 Max gpm**  
(2.5 lpm)

**20 ft (6 m) Hose**

**50 Max psi**  
(3.5 bar)

**1/2 hp Motor Size**

**25 lbs (11 kg)**

### Includes

- A. TX 65 Air Spray Trigger Gun
- B. 3/4 in x 20 ft (19 mm x 6 m) Material Hose
- C. Two spray nozzles: 6 and 8 mm
- Operational DVD and Quick Start-up Instructions

### Features

- A. Lightweight, ergonomically designed spray gun for comfortable spraying, all day long
- D. Oversize material hopper holds 5 gal (18.9 L) for fewer refills
- D. Steep-sided hopper design keeps mud flowing into the pump
- E. Hopper opening acts as pail rest when filling
- Innovative pump-only design keeps sprayer small, light and portable (Patent Pending)
- Requires user-supplied air compressor with minimum performance of 3.5 cfm @ 40 psi - attach air supply hose directly to TX 65 spray gun
- RotoFlex II pump\* delivers smooth material flow up to .65 gpm (2.5 lpm) (\*Patent Pending)
- Superior texture projection – projects material farther than traditional hopper gun

User-supplied air hose and air compressor with minimum performance of 3.5 cfm at 40 psi required for most applications. See technical manual for full details, listed by application.

# TexFinish TX 90™

## Texture Like a Pro!

The all new TX 90 is the perfect choice for the small contractor who's looking to spray high-quality texture finishes with a simple-to-use, self-contained machine. Delivers 20% more pressure and 38% more output than the TX 65.

Model #254971

### MEDIUM DUTY - For Small Contractors

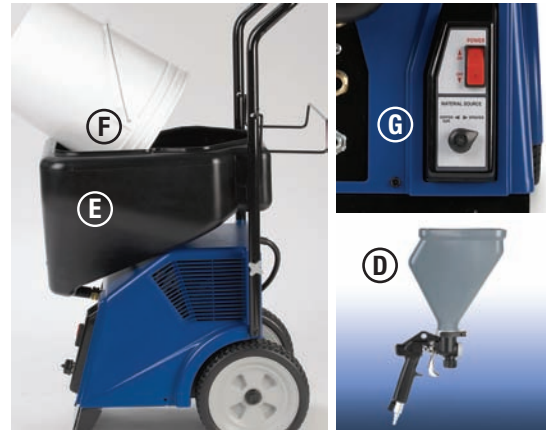

**0.90 Max gpm**  
(3.4 lpm)

**25 ft (7.5 m) Hose**

**60 Max psi**  
(4.2 bar)

**1.7 hp Motor Size**

**60 lbs (27.2 kg)**

### Includes

- A. TX 90 Air Spray Trigger Gun
- B. 3/4 x 25 ft (19 mm x 7.5 m) Material Hose
- B. 3/8 x 25 ft (9.5 mm x 7.5 m) Air Hose
- C. Four spray nozzles: 4, 6, 8 and 12 mm
- D. 3/4 gallon Touch-up Hopper
  - Operational DVD and Quick Start-up Guide

### Features

- A. Easy-to-use air and trigger adjustments right on the gun allow fine tuning of air and fluid output for a precise and consistent finish
- A. D. Innovative dual-use gun converts quickly to hopper gun for touch-up jobs (Patent Pending)
- D. 3/4 gal (2.8 L) touch-up hopper attaches to gun without tools
- E. Large-capacity material hopper holds 8 gal (30.3 L) for fewer refills
- E. Low hopper entry height makes filling easier
- F. Built-in bucket rest - simply turn your material bucket over and let it drain into the hopper
- G. Easy to use operator controls
  - RotoFlex II pump\* delivers smooth material flow up to .9 gpm (3.4 lpm) (\*Patent Pending)
  - Powerful, on-board air compressor produces 4.0 cfm @ 40 psi for projecting material farther
  - Exclusive single-motor design powers both the pumping system and the air compressor, creating a self-contained sprayer that is both compact and lightweight and operates on a single 110 volt outlet (Patent Pending)

## TexFinish TX 125™

### Performance for the Big Jobs!

The all new TX 125 is the full-featured choice of remodeling and general contractors who want to include texture finishing as part of their service offering. Delivers 17% more pressure and 39% more output than the TX 90.

Model #254972

### HEAVY DUTY - For Remodeling and General Contractors

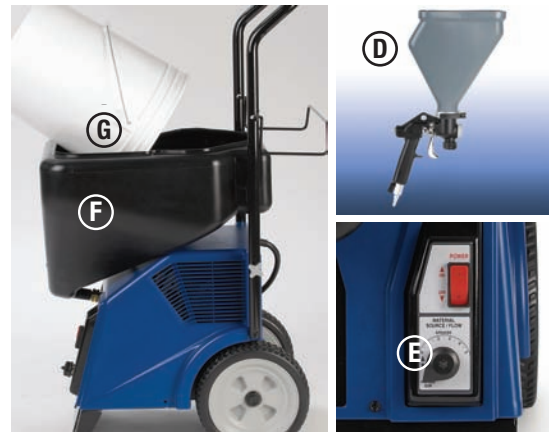

**1.25 Max gpm**  
(4.7 lpm)

**25 ft (7.5 m) Hose**

**70 Max psi**  
(4.9 bar)

**1.7 hp Motor Size**

**65 lbs (29.4 kg)**

### Includes

- A. TX 125 Air Spray Trigger Gun
- B. 3/4 x 25 ft (19 mm x 7.5 m) Material Hose
- B. 3/8 x 25 ft (9.5 mm x 7.5 m) Air Hose
- C. Four spray nozzles: 4, 6, 8 and 12 mm
- D. 3/4 gallon Touch-up Hopper
- Operational DVD and Quick Start-up Guide

### Features

- A. Easy-to-use air and trigger adjustments right on the gun allow fine tuning of air and fluid output for a precise and consistent finish
- A. D. Innovative dual-use gun converts quickly to hopper gun for touch-up jobs (Patent Pending)
- D. 3/4 gal (2.8 L) touch-up hopper attaches to gun without tools
- E. Adjustable material flow control
- F. Large-capacity material hopper holds 10 gal (37.8 L) for fewer refills
- F. Low hopper entry height makes filling easier
- G. Built-in bucket rest - simply turn your material bucket over and let it drain into the hopper
- RotoFlex II pump\* delivers smooth material flow up to 1.25 gpm (4.7 lpm) (\*Patent Pending)
- Powerful, on-board air compressor produces 4.0 cfm @ 40 psi for projecting material farther
- Exclusive single-motor design powers both the pumping system and the air compressor, creating a self-contained sprayer that is both compact and lightweight and operates on a single 110 volt outlet (Patent Pending)

# Texture Accessories

## Graco Professional Hopper Gun (288628) (Patent Pending)

Two handles give maximum support and control for ceilings, walls, and floors

Sprays acoustics, drywall mud, water-proofing material, pool deck sealant, stucco and most gravity-fed materials.

### A. Angled, 1-1/2-gal (5.7 L) Hopper

Allows more material capacity for longer spraying before refills.

### B. Handles on both sides

Rotates 180° for maximum control when spraying ceilings, walls and floors.

### C. Adjustable Fluid Output

Conveniently located trigger adjustment allows fine tuning of fluid output for a precise and consistent finish.

### D. TexFinish Texture Spray Gun

Always a full trigger pull for the most comfortable grip on the handle.

### E. Exclusive No-Tools Hopper Clamp

Cam-over design easily attaches and detaches for easy cleanup.

## TexFinish Replacement & Repair Parts

### Spray Nozzles Kit (234154)

Beige, 4 mm - Fine Finish Orange Peel  
White, 6 mm - Orange Peel, Small Splatter  
Gray, 8 mm - Splatter, Small to Medium Knockdown  
Black, 12 mm - Acoustics/Popcorn, Large Knockdown

### TX 65 Replacement Material Hose Kit (288622)

3/4 in x 20 ft (19 mm x 6 m) Fluid Hose

### TX 90 & TX 125 Replacement Material/Air Hose Kit (15B344)

3/4 in x 25 ft (19 mm x 7.5 m) Fluid Hose &  
3/8 in x 25 ft (9.5 mm x 7.5 m) Air Hose  
conveniently attach together for easy maneuverability and more control when spraying

### RotoFlex II Pump Replacement Hose (15J829)

(Not for use with previous TexFinish sprayer models.)  
Recommended replacement after 2000 to 2500 gal  
(7571 to 9463 L) of gypsum-based material

# You've Textured It.

## Now paint it with a Graco Magnum Airless Paint Sprayer!

Graco painting equipment makes painting fast, easy, affordable and fun. Using your Graco machine as either a paint sprayer or a pressure roller requires minimal added prep work. Once you experience the time savings and quality of finish provided by a Graco sprayer, you'll never want to tackle another painting project using the traditional brush / roll method!

### Fast!

- Spraying is up to 10 times faster than brushing and up to 4 times faster than traditional rolling\*
- Pressure rolling is over twice as fast as rolling by hand

### Great Finish & Uniform Coverage!

- Graco Paint Sprayers apply paint easily to a variety of surfaces, smooth or rough
- They produce consistent finish quality on any surface with better paint distribution

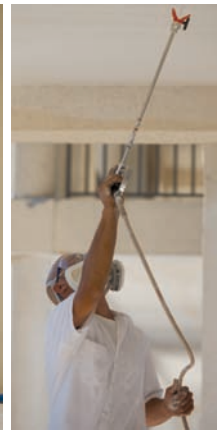

### Versatile!

- Spray most common coatings, or use a pressure roller attachment for interiors or if backrolling is necessary
- Add accessories to increase your productivity and save time. For example, tip extensions eliminate the need for ladders in hard-to-reach places

### Affordable!

- Graco painting equipment pays for itself in time savings after just a few projects
- You'll finish jobs faster, saving time and money
- Homeowners can do it themselves and get professional results

\* Production times provided are based on total time spent on the job (that is, prep, application and cleanup). Application time only, using an airless sprayer, is significantly faster than production times provided.

### Airless Accessories

#### *Maximize your investment with Graco Airless Accessories*

A Graco Magnum Paint Sprayer is just the first step. Don't forget to choose the right accessories. They will make your job easier and save you time. From everyday needs such as gun swivels, various-sized tips, guards and filters, to job-specific tools like tip extensions, pressure rollers, and additional hose length, Graco has all the accessories you need to do the job right!

#### *Local Service Available*

A large network of local service centers offers a complete selection of Graco parts and accessories and provides service support for Magnum Paint and Texture Sprayers.

#### *1-Year Warranty*

Refer to the Operating Instructions for complete details on your limited, 1 year warranty.
