

# 8-Hose/Gun Expansion Base

**Nordson**

The 8-hose/gun expansion base option for Nordson ProBlue 10 and 15 liter melters adds two additional hose/gun channels to a standard 240 volt 6-hose/gun unit. Utilizing the existing melter sub-base mounting brackets and simple plug-in connections, installation is fast and easy and eliminates the need for stand-alone temperature controllers.

8-Hose/Gun Expansion Base:

- Adds two additional hose/gun channels
- Installs quickly and easily
- Requires no modification to melter
- Installs in most applications

Easy plug-in connections allow additional channels to operate through melter controls

Easy access to circuit board and fuses from front of base

## 8-Hose/Gun Expansion Base

### Quick Installation

Additional channels connect with standard hose cordset, no extension cables required

Melter controls automatically recognize and run optional hose/gun channels
