

# Mini Squirt® Hot Melt Adhesive Applicator

*Portable adhesive dispensing system delivers efficient hot melt adhesive application.*

The compact, handheld Mini Squirt hot melt adhesive applicator provides reliable bonding for small, simple applications. The portable design makes it easy to handle and the wire stand provides freestanding support on convenient work surfaces. The Mini Squirt applicator's clean, quiet operation is ideal for office and light industrial environments.

The Mini Squirt adhesive applicator is easy to operate. Plug-in the all-electric unit and fill the tank with hot melt adhesive. The applicator is ready for use after a 10 to 15 minute warm-up.

The tank reservoir holds up to 7 ounces of adhesive in a variety of forms: granule, chicklet or pillow.

- **Lightweight, portable design** for use in office and light industrial environments.
- **Tank reservoir** accommodates various adhesive forms.
- **Trigger-activated piston plunger** assures smooth operation.
- **A variety of dispensing nozzles** is available to meet specific requirements

## Mini Squirt® Hot Melt Adhesive Applicator

Holds variety of adhesive forms.

Adjustable thermostat controls.

### Specifications
