

# New from Pope Scientific... WIDE MOUTH

**STAINLESS STEEL  
PORTABLE PRESSURE VESSELS**

Providing Closure/Opening  
2 1/4 Times Larger (6" x 5" Elliptical)  
Than Standard Models

All Specifications,  
Dimensions, and Pressure  
Ratings Are Equal To Those  
Shown For Equivalent  
Standard Mouth Vessels

Pope "wide mouth" vessels are designed to provide much easier access for filling, cleaning and inspection in the pressurized handling of viscous and other hard-to-handle liquids. Available in 304 or 316 stainless steel, in pressure or vacuum closure styles, for all vessels from the 1 to 37.4 gallon capacities. Choose EPR or Viton O-rings.

(SEE POPE LITERATURE FOR FULL INFORMATION AND COMPLETE SPECIFICATIONS OF STANDARD MOUTH VESSELS)
