# iPronto! 472 BARCODE PRINTER

**Price, Performance and Lifetime Warranty...**

When it comes to price, construction, performance, and unmatched lifetime warranty, the iPronto! 472 is the frontrunner of the barcode printer field.

After years spent refining barcode printer technology, QuickLabel presents the iPronto! Family with a lifetime warranty and an unbelievably *low price*. Its mission: factory performance printing at office printer pricing.

When international industry and government label standards matter, the iPronto! works to avoid fines and delays by printing formats, barcodes and fonts in strict compliance. This thoroughbred prints continuously – whether successive labels require incrementing data or wholly different barcodes and graphics.

The iPronto! 472 is an effective Just-in-Time production management tool. By printing sub-assembly status and location information labels at the point-of-use, with one or two-dimensional barcodes and crisp text, it provides valuable job costing, materials purchasing, and labor assignment forecasts.

Bred for high volume production with a strong steel chassis, steel cabinet, and large label and ribbon capacity, the

iPronto! even has a large media viewing window so users can keep track of supply levels at a glance. The easiest printer to load in the industry, its cover and printhead flip up to allow unlimited access, comfortable ribbon and label loading, and "drop-in" printhead replacement. You can easily load and service the iPronto! while comfortably seated.

When the stakes are high for compliance labeling, data collection, product identification, and tracking labels, it pays to pick the winner: iPronto! 472.

***It pays to pick the winner.***
