Description:

Randell's 14GFG SCA Series Self-Contained Mechanically cooled Cold Pan Units designed for virtually any cold food serving application, the 14GFG SCA series is enclosed in a brilliant one-piece fiberglass body and 14 gauge stainless steel top.

Specifications:

CABINET CONSTRUCTION: One-piece molded fiberglass body for smooth exterior finish. All corners and areas where accessories are mounted are reinforced internally with metal backers.

TOP CONSTRUCTION: Exterior top is standard in reinforced 14 gauge 300 series stainless steel with #4 finish.

COLD WELL CONSTRUCTION: The cold pans are constructed of die formed stainless steel and are provided with a drain and a gate valve. The gate valve is accessed through the mechanical (compressor) housing with louvered access door. Draining is accomplished by setting a bucket in front of the door and opening valve (simple and easy-eliminates floor drain requirements).

This equipment is intended for use in rooms having an ambient temperature of 86°F (30°C) or less.

Standard Features:

- Easy access to service the condensing coil through the hinged louver
- Concealed locking mechanism with easy to use spring-activated catch
- Hinged access to drain gate valve
- Easy access to thermostat through the hinged louver panel
- Single-Sided louver designed to efficiently cool system without need for auxiliary louvers on the opposite side

Additional Available Configurations:

- 14GFG SCA "S" Series
Same basic construction of standard enclosed base series with an optional open shelf storage compartment. Available in the 4, 5 & 6 pan models to offer most efficient space capacity.

model 14GFG SCA-4S shown with optional kick plate, trayslide and counter protector

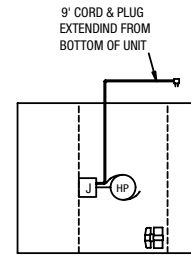

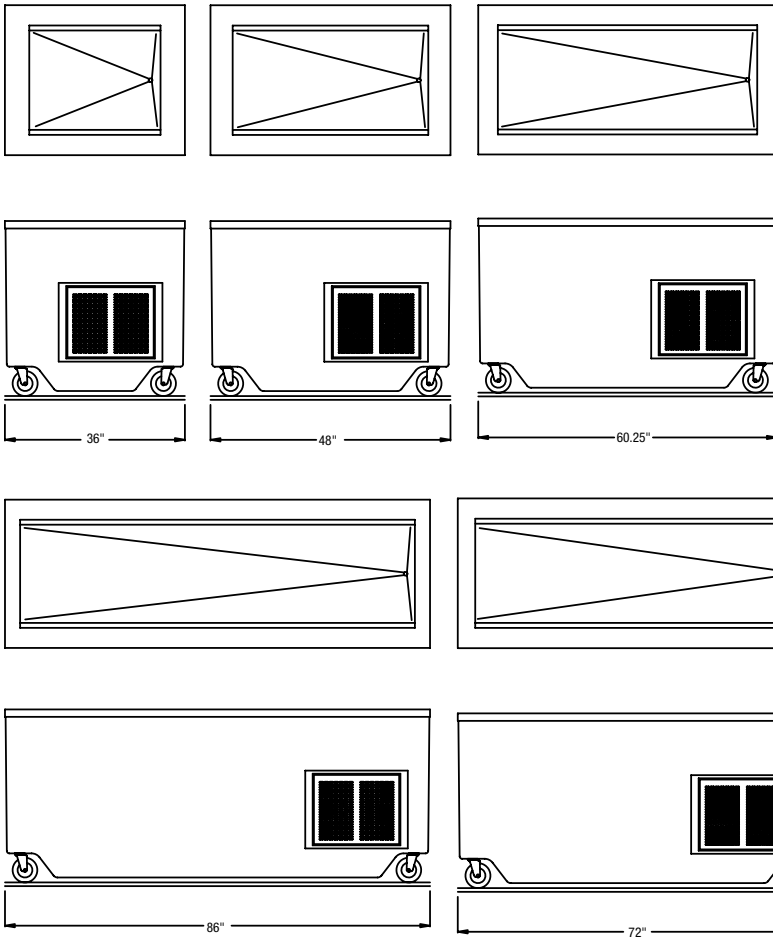

Available Fiberglass Colors:

- Pitch Black
- Dark-Bark Brown
- Cabernet Wine
- British Racing Green
- Tin Man Gray
- True Blue
- Light Sky Blue
- Candy Apple Red
- Tiger Lilly Orange
- Canary Yellow
- White

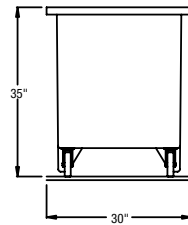

Options & Accessories:

- Canopy
- Overshelves
- Trayslides
- Corian top
- Granite top
- Kick Plate
- Graphics
- Sneeze Guards
- Elementary School Height
- Electrical Distribution System
