

Reach-In Double Door Refrigerator models 2020

model 2020 2020E 2020EM 2020M 2020EM-XXXX* 2020M-XXXX*

Description:

Randell Series 2000 Reach-In are built for years of efficient, high performance service. The top mounted, expansion valve refrigeration system offers the highest, most consistent performance available while maximizing usable interior space.

Specifications:

CABINET EXTERIOR: Cabinet body is constructed of all metal, inside & out. The top, bottom, & back are galvanized steel. Front and sides are available in finishes as listed above. Doors and louver are stainless steel and are removable without tools. Unit on 6" casters, front two are locking.

CABINET INTERIOR: Interior of cabinet is fully coved to meet N.S.F. standard #7. The interior walls, ceiling and door liner are available in either stainless steel or anodized aluminum as listed above. Foamed in place, CFC free urethane insulation. Snap-in A.B.S. breaker strips.

DOORS: Stainless steel front with either anodized aluminum or stainless steel liner, mounted on heavy duty cam lift hinges with automatic light switch, heavy duty chrome handle, cylinder door lock.

REFRIGERATION: Top mounted condensing unit and evaporator coil, expansion valve system with thermostatic control, factory tested and balanced to maintain 38° F. average interior temperature utilizing CFC free 134a refrigerant. Evaporator coil is coated to resist corrosion. Unit supplied with master on/off switch and 8' cord and plug. Access to service points without tools is standard.

Finishes:

- Standard Series** Doors/Louver: Stainless steel.
Exterior Sides: Anodized aluminum. Interior: Anodized aluminum
- E Series (Add Suffix "E")** Cabinet interior, exterior sides, fronts, and doors stainless steel.

Standard Features:

- Expansion Valve
- Exterior LED Temperature Display
- Top mounted Compressor & Evaporator Coil
- C.F.C. Free R-134a Refrigerant
- Efficient Hot Gas Condensate Evaporator

model 2020 shown
