

Serving Lines, Fiberglass Freezer Cabinet models FRA

model RANFG FRA-1 RANFG FRA-2

Description:

Randell's RANFG FRA Self-Contained Freezer Cabinet designed for virtually any freezer or deep cold application, the RANFG FRA series is enclosed in brilliant one-piece fiberglass body and 16 gauge stainless steel top.

Specifications:

CABINET CONSTRUCTION: One-piece molded fiberglass body for smooth exterior finish. All corners and areas where accessories are mounted are reinforced internally with metal backers.

TOP CONSTRUCTION: Exterior top is standard in reinforced 16 gauge 300 series stainless steel with #4 finish. Optional 14 gauge tops available at a minimal upgrade.

REFRIGERATION SYSTEM: Self-contained refrigeration system is designed to operate at 10 degrees Fahrenheit. System is designed to breath (fresh air and exhaust) through one side. Hinged louver access to temperature control is provided and allows easy access to cleaning of condenser coil.

This equipment is intended for use in rooms having an ambient temperature of 86°F (30°C) or less.

Standard Features:

- Concealed locking mechanism with easy to use spring-activated catch
