

BC10/BW11

Razzle® Blender

BC10

BW11

Features

Simple to use. Dispense your soft serve ice cream directly into the serving cup. Attach the lid to the cup, add the desired mix-ins, blend and serve. Clean up is easy. The splash guard moves easily, and the sealed stainless steel housing wipes down quickly.

Permanent Agitator. Blending the mix-ins with your soft serve ice cream is quick and easy. A separate agitator is available for hand dipped ice cream.

Quiet. Blender operation is quiet. Brushless, ball bearing induction motor provides consistent product mixing.

Counter or Wall Mount. Blender is available as BC10 to sit on the counter, or BW11 to mount on the wall or soft serve freezer (mounting bracket and drip tray are included).

Foot Control. Guarded foot control for hands-free operation of blender.

Razzle® Program Materials

Cups and Lids

Razzle® cups and lids are available by the case (1,000 per case)

051967 12 fl. oz. (355 ml)

Dispensers

Portion controlled mix-in dispenser kits are available in several configurations. Dispensers may be mounted on the wall, counter, or soft serve freezer. Kits contain mix-in containers, mounting bracket, template and hardware. (See photos and chart above for further details. Other dispensers may be available.)

Options

051750 Mixing Collar
 Plastic collar may be used in place of the domed lid.

051498 Agitator for Hard Ice Cream
 An agitator for hard ice cream is available. Simply replace the agitator for soft serve or frozen yogurt with the agitator designed for blending hand-dipped ice cream.

Continuing research results in steady improvements; therefore, these specifications are subject to change without notice.
